Hon. Chas. Stewart Announces Agreement Reached

OTTAWA, Dec. 17.—Parliament will likely be asked at its next session to consider legislation for the return of the British Columbia lands to the province. The Hon. Chas. Stewart, Minister of the Interior, today announced that an agreement had been reached with the B.C. government regarding the return of the lands to the province. The agreement was reached after a conference between the two governments, and it was announced that the B.C. government had agreed to return the lands to the province. The lands in question are the 100,000 acres of land that were taken from the B.C. government in 1909. The lands were taken for the purpose of creating a national park, but the B.C. government has now decided to return the lands to the province. The agreement was reached after a conference between the two governments, and it was announced that the B.C. government had agreed to return the lands to the province.

## FIVE DEAD IN KENTUCKY FIRE

Hotel Fire at Hazard Takes Human Toll—Half Dozen Receive Burns

HAZARD, Ky., Dec. 17.—With recovery of two additional bodies today, the death toll in the hotel fire at Hazard, Ky., today stood at five. The bodies were recovered from the wreckage of the hotel, which was destroyed by a fire that broke out on Monday night. The fire started in the kitchen of the hotel, and it spread rapidly, destroying the entire building. The fire killed five people, and half a dozen others received burns. ## Young Canadian Artist Now Visiting in Edmonton Was First Woman Guide in Jasper

Mona Haragin Sold Water Color for \$500, and Packed and Saddled Horses Every Day for Summer Tourists

By Lotta C. Dempsey

"M. Haragin," marked unobtrusively in the corners of a group of unusually beautiful water colors of the Rocky Mountains at Jasper Park, is attracting considerable attention at the Edmonton Museum of Arts this week. Even to those art lovers who enjoyed the two or three day trip in the saddle from Maligne Lake to Medicine Lake at Jasper this summer, it would never occur to associate Guide Number 76 with the works of fairily beauty hanging in the Lodge at that time; but underneath the warm grey windbreaker and the khaki shirt of the capable young guide beat the heart of a brilliant young artist, and if Mona Haragin's feet were in the stirrups, her head was in the clouds. Not that Guide Number 76 was not fully equal to her undertaking when she was the first girl to be accepted for such a post, she took charge of transportation for the summer between Maligne Lake and Medicine Lake at the Park last summer, with her younger sister.

To meet her in Edmonton today, she is a girl of English descent from her father's side, and of French descent from her mother's. She is twenty-three and a beautiful woman, with long, wavy hair, and a smile that is as warm as the sun. She is a native of the town of Jasper, and has been living there since she was a child. She is a member of the Y. W. C. A. and has been active in its work. She is a member of the Y. W. C. A. and has been active in its work. She is a member of the Y. W. C. ## JUDGE THE EXCELLENCE OF THE NEW FORD BY DRIVING IT

When talk turns to motors—in theatre lobbies, in smoking cars, hotels, clubs—you hear the New Ford compared with all makes. Stories are told of the swiftness and ease with which the New Ford covers difficult highways; of distance-consuming travel hour after hour; of the breathless rush in high gear up the steepest of hills.

Only by driving the New Ford, say owners, can you appreciate the effortless joy of perfect car control. Gears shift with silent precision. The steering wheel responds to the lightest touch. Transverse springs and shock absorbers smooth rough roads. A gallon of gasoline takes you 25 to 30 miles. Oil consumption is unusually low. And, when the occasion arises, the fully enclosed six-brake system grips the flying wheels with silent power.

Low lines, colour harmony, sparkling nickel, sturdy steel spoked wheels and full balloon tires give the New Ford grace and beauty. Owners of the most expensive cars marvel at its thrilling performance. Many, in fact, are buying New

Fords to supplement their larger cars.

Every item of equipment that adds to comfort, convenience and safety is included in the New Ford as it is delivered to you, from spare wheel and theft-proof ignition lock to the windshield of shatterproof glass that gives protection and clear vision.

Ford dealers everywhere await the opportunity to give you a demonstration ride. Put the New Ford through its paces. You will then appreciate that car values have changed. A truly fine automobile has come into the light car world.

If you prefer to buy out of income, you will find the time payment plan offered by all Ford dealers most attractive.

*Your Ford dealer will prove the performance of the New Ford by demonstration*
